Amrit Mahal Office
Dated 29th/30 January 1904

From,

N. Nanjunda Rao, Esquire
Superintendent, Amrit Mahal
Department

To

Colonel R. G. Jones
Military Assistant to the Govt
of H. H. the Maharaja of Mysore

Sir,

I have the honour to inform you that there are at present six Ranges in the Amrit Mahal each being placed in charge of a Daroga. After the Government were pleased to sanction the revised scale of pay of the Darogas and their Establishment some new hands were employed dispensing with the services of old hands who could not be retained any longer.

The Kavals belonging to this Department are situated nearly in six Districts. These pasture lands were inspected and deavorms made to reallot them to the several Ranges so as to afford facilities to the Darogas to inspect the cattle and Kavals at least once a month without much inconvenience. But by experience it is now,

found that there is not sufficient work for the Daroga in Sira Range which has almost all the Karals in one Taluk Chelkere while Hunsur Range is found to be too big for one man. Owing to the situations of the Karals, it is not convenient to reduce the charge of certain Karals to the Hunsur Range by transfer Ranges as these are sufficiently big for the charge of one Daroga. I consider that this difficulty can best be met by reducing the number of Darogas from six to five and from the savings thus effected by appointment of two Assistant Darogas one to be attached to Hunsur and the other to Hosakere Range. This can be easily done without causing any undue hardship as there is at present a vacancy caused by the death of Kadur Range Daroga. I beg that you will be good enough to move the Government to sanction the revision now proposed as per proposition Statement herewith submitted which involves no additional expenditure. When I explained this to you in personal Kadur you were kind enough to approve of this proposal.

It is believed that the above proposal will strengthen the efficiency of the Executive staff of the Department besides enabling me to give some encouragement to the deserving old officials who are now employed

(1) Proceedings of the Government of His Highness the Maharaja of Mysore, in the Military Department, No. 1288-9—53, dated 30th October 1903, according sanction to the revised proposition statement of the Executive and Cattle establishment submitted by the Amrut Mahal Superintendent, and to the scale as sanctioned Government Proceedings No. 447-9—18, dated 21st August 1902, being made permanent with certain modifications.

(2) Letter No. 2491, dated 8th February 1904, from the Military Assistant to the Government, forwarding memo dated 2nd February 1904 regarding the revision of the Amrut Mahal establishment as recommended by the Superintendent in his letter No. 174, dated 29th January 1904, and requesting that effect be given to the proposal from date of recommendation.

(3) *Letter No. 174, dated 29—30th January 1904, from the Superintendent, Amrut Mahal Department, to the Military Assistant to the Government of His Highness the Maharaja of Mysore.*

I have the honor to inform you that there are at present six Ranges in the Amrut Mahal, each being placed in charge of a Daroga. After the Government were pleased to sanction the revised scale of pay of the Darogas and their establishment, some new hands were employed dispensing with the services of old hands, who could not be retained any longer.

The kavals belonging to this Department are situated nearly in six Districts. These pasture lands were inspected and endeavours made to allot them to the several Ranges so as to afford facilities to the Darogas to inspect the cattle and kavals at least once a month without much inconvenience. But by experience it is now found that there is not sufficient work for the Daroga in Sira Range which has almost all the kavals in one Taluk Challakere, while Hunsur Range is found to be too big for one man. Owing to the situations of the kavals, it is not convenient to reduce the charge of the Hunsur Range by transfer of certain kavals to the adjoining Tiptur and Tumkur Ranges as these are sufficiently big for the charge of one Daroga. I consider that this difficulty can best be met by reducing the number of Darogas from six to five and from the savings thus effected by appointment of two assistant Darogas one to be attached to Hunsur and the other to Holalkere Range. This can be easily done without causing undue hardship as there is at present a vacancy caused by the death of Kadur Range Daroga. I beg that you will be good enough to move the Government to sanction the revision now proposed as per proposition statement herewith submitted, which involves no additional expenditure. When I explained this to you in person at Kadur, you were kind enough to approve of this proposal.

It is believed that the above proposal will strengthen the efficiency of the Executive Staff of the Department, besides enabling me to give some encouragement to the deserving old officials who are now employed as writers on Rs 12 per month, as some of them have long been in the Department without any promotion.
